We are delighted to work with West Cumberland Farmers, established in Whitehaven in 1911, with their Lakeland Heritage range of complete dry dog food. The range is formulated without dairy, soya and grains including wheat and wheat glutens. Contains at least 50% meat or fish and vegetables. It is hypo allergenic, suitable for sensitive digestions, rich in omega 3 and helps support healthy skin and shiny coat.

We can serve the food in your own dog bowl or you can borrow a bowl from us. Must be ordered by 1.00pm to be served at 6.30pm on the day or by 7pm night prior to be served at 10.30am the following day.
